About Tariq Darrell O'Meally

Tariq Darrell O'Meally is an artist searching for the power within introspection and vulnerability in the African American body. He has pursued the re-imagining of kinesthetic narratives as a means to resist and disrupt canonized stories that have perpetuated the dehumanization of marginalized groups, specifically black people. He seeks to synthesize those stories that will resonate in a way that is socially relevant, empathetic, and impactful. Learn more about Tariq on his website [here](#).
